

Allright

If you love somebody like I loved you
If seem that nothing can go wrong
If you need somebody like I needed you
Never let him go
And if you've found your true love
Hold it tied
Cos that's allright

If you need some shelter on a rainy day
Just let it be
If you found (out) that hard times pull you down
Just let it be
Cos there is someone who loves you right
And that't allright

It's simply allright
It's simply allright
It's allright

**And if you find there is something new
Just be careful what you do
And if you feel you need someone
Blinded eyes sometimes go wrong**

They go wrong
They go wrong
Sometimes they go wrong
They go wrong

Sometimes they go wrong
Sometimes they go wrong

**And if you find there is something new
Just be careful what you do
And if you feel you need someone
Blinded eyes sometimes go wrong**

They go wrong
They go wrong
Sometimes they go wrong
Sometimes they go wrong
